

MT-1 MIC STAND MOUNT

FEATURE OVERVIEW

Mounts CS-DUO to a standard microphone stand

Dual position mounts for top or pole positions

No tools required for mounting

Easy attaching and detaching

Rugged metal frame

The Livemix MT-1 microphone stand mount is a dual position mount for the Livemix CS-DUO personal mixer. The MT-1 can mount on top of a microphone stand with included brass locking nut, or along the pole piece with built-in clamp. The clamp can fit microphone stands with pole diameters between 3/8" to 1 1/4".

The MT-1 connects to the CS-DUO personal mixer with attached thumbscrews for "no tool necessary" setup. When mounted in the pole position, the MT-1 features cable pass-throughs for reduced clutter and clean routing.
