

1U/2 Slot Rack Mount for NHD-140-TX  
**NHD-140-RACK-1U**

NETWORK HD

2 Slots for any front or rear mounted combination of NetworkHD 140 Encoders

*WyreStorm - Because the Technology Matters.*

## Introduction

The NHD-140-RACK-1U is a 1U rack mount that provides a clean installation for up to 2 NetworkHD™ 100 Series NHD-140-TX quad encoders. The minimal rack unit height and compact mounting arrangement allows a very high NetworkHD™ 100 Series encoder density designed for space restricted deployments. The robust and thermally optimised design helps keep your centralized NetworkHD solution perfectly organized.

## Key Features

- Specifically designed to mount one or two NHD-140-TX 100 Series Quad Encoders side-by-side
- 1U height and shallow depth allows for high encoder density in an AV or IT equipment rack
- Encoders can be mounted with connections front or rear facing to suit alternative cable management designs
- Provides optimal thermal dissipation in a passively or actively cooled rack design to maintain premium device performance and MTBF
- Enables systems to be pre-built into the rack kit prior to arriving on site to improve speed and efficiency of installation
- Sturdy all-steel design creates a solid structure for supporting NetworkHD NHD-140-TX Quad Encoders
- Includes 4x mounting brackets, 1x blanking plate and screws

## In the Box

1x NHD-140-RACK-1U Chassis  
4x Encoder Mounting Bracket

1x Blanking Plate  
1x Assembly Screws Pack

## Specifications

Dimensions and Weight	
Rack Units	1U
Height	43.5mm/1.71in
Width	483mm/19in
Depth	162mm/6.38in
Weight (Empty)	1.01kg/2.23lbs
