

BG-UHD-KVM21A

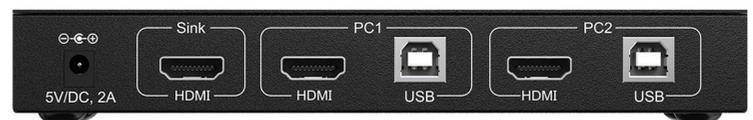

2X1 KVM Switcher with USB2.0 Ports for Peripherals and 3.5mm Jacks for Audio Support

BG-UHD-KVM21A is a 4K HDMI USB 2.0 KVM switch. With support for 4K resolutions (max input: 4K@60Hz; max output: 4K@30Hz), it allows users to control two computers and share USB peripherals from a single workstation. Perfect for offices, software programmers, and technical support desks, users can easily switch between multiple operating systems without leaving their seat.

The rear panel of the BG-UHD-KVM21A is equipped with two PC connections, each including one USB 2.0 type-B host port and one HDMI 1.4 input. There is also one HDMI 1.4 output for connection to a monitor.

FEATURES

- Max input: 4K@60Hz; max output: 4K@30Hz
- Remotely control 2 computers from a single screen
- HDMI 1.4 & HDCP compliant
