

PureLink DOF4 Tx/Rx HDTools DVI over 4 Fiber Extender (Transmitter/Receiver) Kit/Full HD

The **DOF4 Tx/Rx** is a modular extenderkit offering reliable extension of uncompressed HD video and analog stereo audio to distances up to 5000 ft. (1,530 meters) over multimode fiber optic cable. The DOF4 Tx/Rx is part of PureLink's comprehensive line of HDTools™ fiber optic extension solutions and can be used for simple point-to-point applications, or in combination with HDTools™ distribution amplifiers and switchers to deliver a flexible, seamless solution for long distance signal transmission.

Features
