

HDMI Cable

This HDMI extension cable is designed to ensure a perfect signal transfer. High-Purity Oxygen Free Copper (OFC) conductors, have the characteristics of ultra high conductivity, unbelievably low signal loss and degradation, low electric resistance and great signal transmission. A superior High-Density triple shielding technology will reject EM and RF interference, while gold plated connectors will ensure a tight grip.

Applications:

Ideal for extending existing HDMI cables which are connected to DVD players, satellite and cable boxes, LCD's, projectors, Plasma displays, HDTV's and more...

Specs:

- 24k Gold Plated DVI-D connectors
- High-Purity Oxygen Free Copper conductors
- High-Density Triple shielding for max rejection of EM and RF interference
- CL2 standard rated
- ROHS standard rated

Lengths Available: Max Resolution:

- 1m(3ft)----- 1080p
- 2m(6ft)----- 1080p
- 4m(13ft)----- 1080p

Colors Available:

- Black
