VGA 480P

Wireless N for flexible placement

Day/Night: See up to 15-feet in the dark

Sound/Motion Detection: Trigger recording and send email alerts

Wi-Fi Extender: Expands wireless range

Remote Viewing: View on iPhone®, iPad® or Android® with mydlink™ app

ENVIROMUX-IPCAM-WN

Wireless Day/Night Network Camera

Day/Night Network Camera

The ENVIROMUX-IPCAM-WN Wireless Camera delivers high-quality video for remote viewing on the mobile devices you already own. And with a built-in ICR filter and IR LEDs, you'll also get clear images in complete darkness to provide you with the ideal 24-hour monitoring solution. Its compact design means it can be placed virtually anywhere in your home or small office, and with a built-in microphone you can see and hear more of what matters most.

Audio/Motion Sensing Technology

Integrated sound/motion-sensing technology detects changes within the camera's environment, triggering instant email alerts and even auto-recording. Round the clock notification delivers an additional layer of security and confidence.

Features

- Remotely Monitor Your Home or Office Over the Internet
- IR LED for Night Viewing
- 1.0 Lux for Low-light Environments
- 4x Digital Zoom For Close-up Viewing
- Built-in Microphone[1]

Technical Specifications

Camera

Hardware Profile	• VGA 1/5 inch CMOS Sensor • Up to 4x digital zoom • IR LED for Night Viewing	• Minimum Illumination: 1 Lux at F2.8 • Focal Length: 3.15mm lens
Field of View	• (H) 45.3°, (V) 34.5°, (D) 54.9°	
Image Features	• Adjustable image size and quality • Time stamp and text overlay	• Flip and mirror
Video Compression	• H.264/MJPEG	• JPEG for still images
Video Resolution	• Up to 30 frames at 640x480, 320x240,160x120	
Audio Support	• PCM	
External Device Interface	• 10/100Base-T	• IEEE 802.11n

Network

Network Protocols	• IPV4, ARP, TCP, UDP, ICMP • DHCP Client • NTP Client (D-Link) • DNS Client • DDNS Client (D-Link) • SMTP Client	• FTP Client • HTTP Server • PPPoE • UPnP Port Forwarding • LLTD
Security	• WEP, WPA-PSK, WPA2-PSK	

System Management

System Requirements for Web Interface	• Browser: Internet Explorer, Mozilla Firefox, or Google Chrome, Safari	
Event Management	• Sound/Motion detection • Event notification and upload snapshots/video clips via email or FTP	• Supports multiple SMTP and FTP servers • Multiple event notification • Multiple recording methods for easy backup
Remote Management	• Configuration accessible via web browser • Take snapshots/video clips and save to local hard drive or NAS via web browser	
Mobile Support	• mydlink™ mobile app for iOS and Android mobile devices	
D-ViewCam™ System Requirements	• Operating System: Windows XP/ Windows Vista / Windows 7 / Windows 8	
D-ViewCam™ Software Functions	• Remote management/control of up to 32 cameras • Viewing of up to 32 cameras on one screen	• Supports all management functions in web interface • Scheduled motion triggered or manual recording options

General Specifications

External Power Adaptor	• Input – 100-240 VAC, 50/60 Hz	• Output – 5VDC, 1A
Max. Power Consumption	• 4.0 watts	
Operating Temperature	• 32° to104°F (0° to 40°C)	
Storage Temperature	• -4° to 158° F (-20° to 70° C)	
Operating Humidity	• 20% to 80% non-condensing	
Storage Humidity	• 5% to 95% non-condensing	
Certifications	• FCC • IC	• C-Tick • CE
Dimensions	• Including the bracket and stand: 2.6" x 2.6" x 5" (27.2mm x 60mm x 96mm)	
Weight	• 0.21lb (95g)	

Warranty

Warranty	•2-Year Limited
