

# 7U/8 Slot Rack Mount for NetworkHD™ 600 Series

## NHD-000-RACK3

The NHD-000-RACK3 is a 7U rack mount that provides a clean installation for up to 8 NetworkHD™ 600 series encoders. Mounting brackets for NHD-000-CTL NetworkHD controller are also included allowing for all required devices to be installed in a single location.

 WyreStorm recommends reading through this document in its entirety to become familiar with the product's features before beginning the installation process.

### In the Box

- 1x NHD-000-RACK3 Chassis
- 2x 19" Rack Mounting Bracket
- 8x NetworkHD 600 Series Encoder/Decoder Mounting Plate
- 1x NHD-000-CTL Controller Mounting Plate
- 4x Blank Plate
- 1x Assembly Screws Pack

### Dimensions and Weight

Dimensions and Weight	
Rack Units/Wall Box	7U
Height With   Without Feet	310.3mm/12.22in   310.3mm/12.22in
Width With   Without Brackets	483mm/19.02in   440mm/17.33in
Depth With   Without Handles	188mm/7.41in   160.7mm/6.33in
Weight (Chassis without Plates)	4.5kg/9.9lbs

### Installing Chassis in a Rack

1. Attach the rack ears to both sides of the chassis using the supplied screws.
2. Position and install the assembly into the rack and secure with rack screws (not supplied).

 **Tip:** To keep the installed devices within operating temperature, do not position the NHD-000-RACK directly above heat generating devices such as amplifiers.

### Installing Devices into the Chassis

1. Install the devices into the chassis using the supplied screws and mounting plates.
2. Install the supplied blank plates using the supplied screws to cover any open slots in the chassis.
3. If not installing in a rack, place the assembled chassis on a solid flat surface such as a cabinet or shelf located in a dry, well ventilated area.
4. Connect the devices per their specific documentation.
