

Electro-Voice LPA500 Directional Log Periodic Antenna

The LPA-500 is a passive directional log periodic antenna that is used to extend the range of coverage in given direction. It comes with mounting hardware and 10-foot coax cable.

Features:

- 5dB gain on axis compared to an omni-directional antenna
- Mounting hardware for microphone stands, truss, walls, and other surfaces
- Includes 10 foot coax cable for remote mounting
- Standard EV TNC connector for use with CXU-XX cables
