VIA Campus PLUS

Simultaneous Wired and Wireless
Presentation & Collaboration Solution

| DVI | HDMI | Microphone - 3.5/6.5mm
| Ethernet - RJ-45 | 4K/30 UHD

VIA Campus PLUS is a simultaneous wired and wireless presentation and collaboration solution that makes it easier to get actual work done during meetings. With any laptop or mobile device, users can view, edit and comment on documents in real time and record sessions. Meeting participants can display or stream full uninterrupted HD video (up to 1080p60) from their device, and even play YouTube® videos in full frame rate.

VIA Campus PLUS can show up to six user screens on a single main display and 12 on two displays. Users can also view the main display on their own device. VIA Campus PLUS features iOS mirroring for MacBook, iPad, and iPhone, as well as native mirroring for Chromebook and Android (Lollipop OS 5.0 or newer).

VIA Campus PLUS supports 3rd party conferencing and office apps, such as Microsoft Office®, Skype®, GotoMeeting®, Lync®, and WebEx®. The solution can handle any size collaboration or meeting space and is ideal for training venues and classrooms, thanks to the native e-polling feature that enables easy and instant verification of how much trainees and students are actually learning

FEATURES

HDMI Wired Input - Enables hard-wiring your computer or other HDMI compatible device such as a camera, multimedia player or computer. Note: Does not support HDCP signals

Wireless Device Connectivity - No dongle needed

Windows 10 Operating System

60fps Streaming Multimedia - Share HD wireless video streaming (using the VIA app Multimedia feature)

Wireless Connection for up to 254 Devices - Utilizing Compatible External Wireless Network
iOS, Android, Chromebook Mirroring

Internal Web Browser - Open any browser to display content

DHCP Support

4K Support - Present 4K content to compatible 4K displays
