

P-R59-2-18

RG59 and 18/2, Plenum

Description Multi-Conductor-Type Cable - RG 59 with (2) 18 AWG Conductors - Plenum

Technical Specifications

Element 1

Coaxes: 20 AWG RG-59 Solid Copper
Dielectric: Foam Fluorinated Ethylene Propylene, 0.135" Diameter
Shield: CCA Braid

Element 2

Conductor: (2) 18 AWG Stranded Copper
Insulation: Low Smoke PVC

Construction

Number of Coaxes: Elements 1 & 2 (Siamese Style)
Outer Jacket: Low Smoke PVC
Color: White

Approximate Weight:

50 lbs. per 1000 ft.

Electrical Characteristics

Impedance: 75 Ohms Nominal
Capacitance: 16 pF / ft. Nominal
Velocity of Propagation: 83% Nominal

UL Listing

Type CMP as Specified in Article 800 of the National Electric Code
