

Comnet FXA2C1M1B MM 1Fiber Bi directional Audio/Bi-directional Contact Closure

This listing is for FXA2C1M1B MM 1Fiber Bi directional Audio/Bi- directional Contact Closure only. Use description below as a general reference.

The ComNet FTA/FRA2C1 Series audio multiplexer provides the transmission of two audio signals and one contact closure over one multimode or single mode optical fiber. A bidirectional model, FXA2C1(M,S)1, is also available. The modules use 24-bit 96kHz sample rate digital encoding for superior transmission of balanced line-level audio.

Features

- Automatic Electronic Current Limiting
- Failure Relay Loss of Power Indication
- Plug-and-play design ensures ease of installation and no electrical or optical adjustments are ever required.
- Voltage transient protection on all power and signal input/output lines provides protection from power surges and other voltage transient events.
- Standard ComFit models are hot-swappable.
