

Atlona AT14047-2 6FT Micro HDMI to Standard HDMI High Speed Adapter Cable (HDMI Type D to Type A)

6FT Micro HDMI to Standard HDMI High Speed Adapter Cable (HDMI Type D to Type A). Model: AT14047-2

The Atlona AT14047 is a High Speed Micro HDMI to Standard HDMI cable with Ethernet. The Adapter Cable is designed to provide the highest quality of signal transfer from cell phones, pocket cameras, and other portable devices to High Definition Displays. There are already few devices which are utilizing the Micro HDMI connection such as HTC EVO, Motorola Droid X and many others. The AT14047-2 allows users to view pictures, video's, listen to music. If your phone is based on the Droid operating system, you can download a \$1.99 app which will allow you to play Youtube, Browse Internet, Play Video Games or do anything you would normally do on your phone. The name of the app is "Real HDMI"

Features:

- **HDMI High Speed Cable with Ethernet** (Micro HDMI to HDMI)
- The perfect solution for connecting a small device such as cell phone or video camera to any HDMI enabled display
- Atlona HDMI Cables are able to support extremely high resolutions much beyond standard 1080p or 1440p. **Future proof for resolutions up to 4K or 4096x2160**
- Supports Video Bandwidth above latest HDMI Standards 387MHz (far beyond 10.2 Gbps)
- Ethernet Data Channel allows devices to share a high speed network connection and internet connectivity without a separate ethernet cable
- Designed to support TV's with high refresh rates (up to 800MHz)
- Due to high bandwidth video support, this cable is fully able to transfer 3D content. **Experience true 3D movies from newer 3D enabled Blu-Ray players**
- Audio Return Channel will allow the user to eliminate excess cables which are connecting the TV and audio receiver to single a HDMI cable
- Supports all digital audio formats including Dolby TrueHD and DTS-HD Master Audio

Specs:

- 6ft Micro HDMI to HDMI Cable Adapter (Type D to Type A)
- Dual-link bandwidth: **387 MHz (over 10.2 Gbps)**
- Separate **Ethernet Data Channel which will allow high speed send/receive (up to 100 Mb/sec)**
