

Phase Technology CI15 3in In-Wall Speaker w 25/70.7/100 Volt Transformer

3? Compact, Full-Range In-Wall Speaker

For great sound from an inconspicuous speaker, indoors or out, look no further than the Spacia®CI15 in-wall speaker. A visible footprint of 5 inches square and a low-profile grille keeps the CI15 out of sight and our Speedwing™ mounting system makes installation easy.

The CI15 comes with an integrated metal backcan and bypassable 25/70/100 V transformer.
