

Securitytronix ST-NVR8CH-EZ 8 Ch Video Recorder/All Ports POE/up to 8TB HDD

This listing is for ST-NVR8CH-EZ Recorder only. Use description below as a general reference.

The SecurityTronix ST-NVR*CH-EZ CONNECT SERIES Embedded Digital Video Recorder is an excellent digital surveillance product which adopts H.264 video compression, hard disk recording, TCP/IP transmission, and a Linux based operating system in addition to some of the more advanced technologies in the information technology industry. With built in IEEE802.3at Power over Ethernet (PoE) powering, these NVRs have the ability to power PoE capable cameras directly and without the use of an external PoE switch. Couple the PoE capability with the smart search feature which can locate, address and configure Eye View IP series network cameras from SecurityTronix and you have one of the most innovative NVRs available. The P2P connectivity allows for effortless remote connections from your NVR to PCs and mobile devices. These units enable a stable, reliable and high picture quality while supporting synchronized video and audio recording, playback, and monitoring. This series also supports network based system control, as well as excellent network streaming capabilities.

Note: HDD is not included

Features

- Up to 4/8/16 channel with 1080P realtime live view
- Plug & play, no IP setup required to connect to cameras
- P2P Fast and easy remote connection
- H.264/MJPEG dual codec decoding
- Max 200Mbps incoming bandwidth
- Up to 5MP resolution preview & playback
- HDMI/VGA simultaneous video output
- 4/8/16 channel synchronous realtime playback, GRID interface
- ONVIF Version 2.3 conformance
- 3D intelligent positioning with PTZ cameras
- Support 2 SATA HDDs up to 8TB, 2 USB(1 USB3.0) / 4 SATA @ 16TB (STNVR16CHEZ)
- Supports IPC auto detect/configure
- Built in PoE (IEEE 802.3at) on all inputs
- Multiple network monitoring: Web viewer, SPSS, CMS(DSS/PSS) & DMSS
- 2 Year Warranty
