

Atlona 07-059 S-Video Coupler

ATLONA S-VIDEO COUPLER FOR EXTENDING S-VIDEO CABLE. MODEL: 07-059

Gold Plated S-Video coupler. Single S-Video female to Single S-Video female

Applications:

Mainly used to change gender of the cable or extend existing s-video cable. For example, you have a male to male cable. This coupler will adapt to make your cable a male to female. A general reason for this kind of conversion is to make a one long cable out of two short or some equipment has a male connection in the back instead of female, and so on&8230;
