

Gefen EXT-HDMI-1000HD60B EXT-HDMI-1000HD60B

The extend?it HDMI?1000HD extends your HDTV display up to 100 meters (330 feet) away from your source.

How it works:

The HDMI?1000HDS sender unit sits next to your set-top box or DVD player source. Cables supplied with the HDMI?1000HD connect your HDMI source to the sender unit. The HDMI?1000HDR receiver unit sits next to your HDTV display - up to 100 meters (330 feet) away. The display plugs into the back of the receiver unit. One CAT-5 cable and a multi mode LC fiber optic cable connect the sender and the receiver units to each other.

The HDMI?1000HD is HDCP compliant.

Package Includes:

- the HDMI?1000HDS
- the HDMI?1000HDR
- One 12v Power Supply
- One 6ft HDMI cable (M-M)
