

## Shinybow ANI-351 Component Video & VGA (with audio) to HDMI Scaler

Two-in-one converter:

VGA (with audio) to HDMI Scaler

Component (with audio) to HDMI Scaler

If you have a PC or Laptop with VGA output, or you have a device like PSP, DVD, Wii, or X-box with component output, and you wish to connect it to an HDTV, then ANI-351 VGA and Component to HDMI Scaler is your best solution.

The ANI-351 has high-quality chip set that performs real scaler function. The ANI-351 will up-scale a standard analog VGA signal(w/audio) or Component Video (w/audio) to a single HDMI output with embedded digital audio (stereo). The output is fixed at 720p to avoid compatibility problem. Compliant with HDMI 1.3b and HDCP

You can have VGA and Component connected at the same time, but only one audio source. You can switch between the two sources with via the rear mounted switch while the device is powered on.

Features:

- ANI-351 is a VGA(with audio) to HDMI Scaler + Component(with audio) to HDMI Scaler all in one box
- Up-scale PC VGA or Component Video (YPbPr) signal to standard HDMI
- Plug-n-play. So software is needed.
- Compliant with HDMI 1.3b and HDCP
- Compared with VGA to HDMI Converter without scaler, the advantage of ANI-351 is it works with all brands and models of PCs and HDTVs. There is no resolution compatibility problem and users need not set the resolution of PC and HDTV
  - Input: 1 x VGA, 1 x Component Video (Y Pb Pr), 1 x Stereo AUDIO (R/L)
  - Output: 1 x HDMI
- ANI-351 VGA and Component to HDMI Scaler is with real scaler function, and the output resolution is fixed at 720P to avoid capability problem.

Specifications:

- Compliant with HDMI 1.3b and HDCP

PC VGA Resolution:

- 640x480(60Hz, 75Hz, 85Hz)
- 800x600(60Hz, 75Hz, 85Hz)
- 1024x768(60Hz, 75Hz, 85Hz)
- 1280x720 (60Hz)
- 1280x768(75Hz)
- 1280x960(60Hz)

Component Video(YPbPr) Resolution:

- 480i (60Hz)
- 480P(60Hz)
- 576i(50Hz)
- 576P(50Hz)
- 720P (50Hz, 60Hz)
- 1080i(50Hz, 60Hz)
- 1080P(50Hz, 60Hz)
  - 1x9 Distribution Amplifier
  - Instruction Manual
- AC/DC Adapter: 12VDC, 500mA

In the box:

- ANI-351 VGA/Component Video w/Audio to HDMI Scaler
- VGA Cable(M-M)
- 3.5 Mini Stereo Audio Cable
- 120VAC to 5VDC Power Supply
- User Manual
