

Pico Digital MPC-12C 12-Slot Universal Mini-Mod Chassis

12-Slot Universal Mini-Mod Chassis

Features

- High capacity fully regulated power supply provides the most efficient performance, ensuring reliability over a wide range of environmental conditions
- High efficiency power supply (over 70%) equipped with cooling fan minimizes power consumption and heat dissipation
- Current overload protection prevents damage to system and prolongs power supply life
- Internal fusing circuitry provides current overload protection and precise voltage regulation, preventing component damage
- Blocks escape of cool air when used with forced air ventilation systems
- Provides uniform look when not all module slots are filled
- Slides easily into Pico Macom mini-chassis systems and those of other manufacturers
