

Kramer VCO-16 16-Port HDMI Video Content Overlay Solution

The VCO-16 is a video content overlay solution that overlays sixteen independent graphic image to any number of displays over standard HDMI in full HD - 1080p/60 or 1920x1200 resolution. This allows the display of individual, targeted messages for each and every display in your installation.

Features:

- Full HD Overlays — Static or animated, dynamic color image.
- Overlays Any Size Content with Full Transparency Control.
- Multiple Overlay Templates — For multiple applications.
- Built-in Looping Output — For daisy chaining any number of displays.
- Centralized Control of all Promotional Overlays.
- Support for Unlimited Number of Overlays and Displays.
- Error Reporting — Comprehensive error reporting for connected displays and overlays.
- Full Overlay Automation — Automates entire overlay process from design to display, in multiple locations.
- Easy to Use — Feature-rich software — design, schedule, and display.
- Enables Digital Signage with Unlimited Viewing Zones.
