

## **Kramer PA-120Z Power Amplifier (1x120W 70V/100V and 2x60W 8 Ohm)**

PA-120Z is a high-performance Hi-Z (70V/100V) and Lo-Z (4/ 8Ω) controllable power amplifier featuring balanced and unbalanced inputs and line-level output. This versatile amplifier is suitable for a vast range of applications, including mid-size to large meeting rooms.

### **Features:**

- Single Channel of 120W into a 70V/100V line
- 2 channels of 60W into 4/8Ω
- Balanced stereo line level output
- Individual inputs mix, EQ and HPF per output
- Built-in 3 band parametric EQ
- Auto-standby with adjustable threshold
- Controllable via RS-232 and IP
- Over current and over heat protections
- Powerful, yet compact and lightweight
