

## **Kramer PA-240Z Power Amplifier (1x240W 70V/100V and 2x120W 8 Ohm)**

PA-240Z is a high-performance Hi-Z (70V/100V) and Lo-Z (4/ 8Ω) controllable power amplifier featuring balanced and unbalanced inputs and line-level output. This powerful amplifier is suitable for large-scale applications.

### **Features:**

- Single Channel of 240W into a 70V/100V Line.
- 2 Channels of 120W into 4/8Ω.
- Balanced stereo line level output
- Individual inputs mix, EQ and HPF per output
- Built-in 3 band parametric EQ
- Auto-standby with adjustable threshold
- Controllable via RS-232 and IP
- Over current and over heat protections
