

# Osprey 97-23211 Component/S-Video/Composite to HDMI AHCA-2 Converter with Audio Embedding

*This listing is for AHCA-2 Converter only. Use description below as a general reference.*

These non-scaling converters are designed for low power consumption and simplicity. For ease of use, the converters can be powered from any USB2.0 / 3.0 port or with the included External Power Supply using their unique lockable USB power cable. Audio Embedding / De-Embedding features provide flexibility and additional workflow options.

## **Features**

- Composite, S-Video and Component Input
- Analog Audio Embedding
- HDMI Output
