

BOXLIGHT N12 LNU N12 Laser Non-Interactive Ultrawide Ultra Short Throw Projector (3100 Lumens)

This listing is for N12 LNU Projector only. Use description below as a general reference.

N12 Laser Non-Interactive Ultrawide Ultra Short Throw Projector (3100 Lumens)

Lessons come to life in an interactive area as large as 140 inches wide. The ultra-wide, touch-enabled area allows up to 10 students to simultaneously collaborate in beautiful, engaging clarity.

Imagine being able to create an interactive area as wide as 140 inches diagonal! Our ultrawide projector does just that, bringing large-scale collaboration to the classroom

The P12 LU ultra-wide projector makes stunning collaborative, 10-touch* interactivity** possible!

Its laser illumination saves you time and resources. There's no lamp to fail or change, and a 20-year laser lifespan.***

Features:

- Complete education solution-comes with easy-to-learn and easy-to-use MimioStudio™ classroom software.
- Software and MimioMobile™ app enable collaboration and assessment either at the front of the room or on almost any student device.
- A solution that makes it easy to gauge and personalize student learning.
- Use the entire 140-inch space as an interactive collaborative space, maximizing the ability to work with individual students or in small groups.
- Laser projection means no bulbs to change-ever.
- Analog and digital audio/video connections ensure compatibility with virtually any PC.
- Ethernet LAN connectivity for central management and control.

* Multi-touch works on Windows only.

** Also available in pen-only and non-interactive models.

*** Defined as a typical school year of 200 days with 5 hours of use per day
