

BOXLIGHT N12 LNW N12 Laser Non-Interactive WXGA Ultra Short Throw Projector (3700 Lumens)

This listing is for N12 LNW Projector only. Use description below as a general reference.

N12 Laser Non-Interactive WXGA Ultra Short Throw Projector (3700 Lumens)

Touch-it's the way the real world works. Now it can be the way your interactive classroom works, too. Touch to draw, write, move, scale, and rotate, with up to 10 students working at the same time. All this, plus the reliability of lasers, which means no bulbs to change-ever.

Touch* capability is the standard for smartphones and tablets. It's second nature to today's students, so touch requires almost no training.

The P12 LTW ultra-short-throw projector brings collaborative, 10-touch interactivity** to your classrooms, with images as large as 115 inches!

Its laser illumination saves you time and resources. There's no lamp to fail or change, and a 20-year laser lifespan.***

Features:

- Complete education solution-comes with easy-to-learn and easy-to-use MimioStudio™ classroom software.
- Software and MimioMobile™ app enable collaboration and assessment either at the front of the room or on almost any student device.
- A solution that makes it easy to gauge and personalize student learning.
- Laser projection means no bulbs to change-ever.
- Analog and digital audio/video connections ensure compatibility with virtually any PC.
- Ethernet LAN connectivity for central management and control.

* Multi-touch works on Windows only.

** Also available in pen-only and non-interactive models.

*** Defined as a typical school year of 200 days with 5 hours of use per day
