

BOXLIGHT N12 BNW N12 Non-Interactive WXGA Ultra Short Throw Projector (4000 Lumens)

This listing is for N12 BNW Projector only. Use description below as a general reference.

N12 Non-Interactive WXGA Ultra Short Throw Projector (4000 Lumens)

Touch-it's the way the real world works. Now it can be the way your interactive classroom works, too. Touch to draw. Touch to write. Touch to move, scale, and rotate, with up to 10 users working at the same time. Collaboration made brilliant.

Touch*-it's the standard for smartphones and tablets. It's second nature to today's students, so touch requires almost no training

The P12B ultra-short-throw projector brings collaborative, 10-touch interactivity** to your classrooms, with images as large as 110 inches!

Features:

- Complete education solution-comes with easy-to-learn and easy-to-use MimioStudio™ classroom software.
- Software and MimioMobile™ app enable collaboration and assessment either at the front of room or on almost any student device.
- A solution that makes it easy to gauge and personalize student learning.
- Laser Curtain Touch Module is powered directly from the projector-no extra wires or complicated installation.
- Analog and digital audio/video connections ensure compatibility with virtually any PC.
- Ethernet LAN connectivity for central management and control.

* Multi-touch works on Windows only.

** Also available in pen-only and non-interactive models.

*** Defined as a typical school year of 200 days with 5 hours of use per day
