

TASCAM TM-AR1 5/8-inch Acoustic Reflector

Take the room out of your recordings

Designed to minimize reflections and unwanted room ambience, the TASCAM TM-AR1 helps to manage what your microphone hears, giving you more control over your finished tracks.

Easily mounts to most microphone stands

Lightweight and adjustable the TASCAM TM-AR1 can easily be mounted to virtually any standard microphone stand and allows for fast and easy mic placement adjustments.

Folds for easy storage

Unique folding design enables the TASCAM TM-AR1 to easily be stored when not in use.
