

TASCAM LM-8ST 1-Space Rackmountable Line Mixer

The TASCAM **LM-8ST** is a 1-space rackmountable line mixer for installation, studio submixing, keyboardists or anyone looking for a great-sounding mix. Eight pairs of balanced 1/4" TRS inputs - switchable from +4 or -10dB - can be bussed to a pair of XLR balanced outputs, labeled ST1 and ST2/AUX. Pre or post-fader bussing is available for the alternate buss, and master output level controls and metering keep signals under control. A microphone input is also provided for announcements or performance.

Packed with high-quality audio components, the TASCAM LM-8ST is perfect for any live performance or installation.

Features
