

Atlona AT14046 ATLONA HDMI TYPE C MALE TO TYPE A FEMALE ADAPTER

6-inch Atlona HDMI type C (Mini) male to HDMI type A (Standard) female adapter. Model: AT14046

Description:

Atlona AT14046 is a perfect solution for connecting digital camera or camcorder with mini-HDMI input to an existing HDMI cable that you may already be using for DVD or Satellite Receiver. Adapter has an HDMI mini male to HDMI standard female, therefore could be connected to any existing hdmi cable.

Atlona's HDMI type C (also called mini) male to HDMI type A (standard hdmi) female adapter is a perfect solution for those who want to get the best performance out of their HDMI type C compatible digital sources. HDMI mini is new type of a connection which will be widely used by Digital Camera and Camcorder manufactures. **Atlona mini HDMI adapters and cables are certified for HDMI 1.3a** compatibility and therefore are compatible to all possible video resolutions and digital audio standards that are available via HDMI type C connection.

Product Features:

AT14046 mini HDMI type C to type A adapter is designed to ensure perfect transfer of digital video and multi-channel audio signals. Made of High-Purity Oxygen Free Copper (OFC), the conductor has a very high conductivity, low signal loss and degradation and low electric resistance. All of these result in great signal transmission. Superior High-Density triple shielding technology will reject EM and RF interference, while gold plated connectors will ensure a tight grip. **Atlona mini HDMI to standard HDMI female adapter is capable of supporting resolutions up to 1440p**

Applications:

Ideal for connecting mini HDMI type C equipment, such as HDTV camcorders, digital cameras and game console's to existing HDMI type A cable.
