

TVlogic SWM-171A 17 inch 1920x1080 (True 10-bit) Super-IPS LCD Monitor

SWM-171A : 17, 42, 46, 55 Inch Studio Wall Monitor

The SWM series monitors are newly designed with a clean bezel with only a power button and a small indication lamp ideal for studio wall configuration. Along with the traditional interfaces of 3G-SDI, HDMI and DVI, an optical fiber interface has been added for added flexibility.

Features include Markers/Mattes, Timecode, Audio Level Meters, various CCs and UMDs.
