

## **KVM-TEC RMK-FN Rack Mounting Kit with Faceplate and Power Supply For KVM-extender series SVX/MVX**

The 19" rack shelf has a universal hole pattern, which also enables a mounting of non 48.3cm devices. Sturdy steel sheet construction with stress-resistant black powder coating, guaranteed high quality kvm-tec equipment.

The rack mounting kit RMK-FN is also for assembling kvm-tec Smartline SVX and Masterline MVX extenders. It consists of 19" Rack Shelf, alu-faceplate and power supply.
