

Atlona AT-HDMI-210 ATLONA 2X10 HDMI DISTRIBUTION AMPLIFIER/SWITCHER

2x10 Atlona HDMI Switch/Splitter. Model: AT-HDMI-210

The Atlona AT-HDMI-210 is a high performance 2-in 10-out HDMI Switcher with separate digital audio and remote control. It allows you to connect up to 2 HDMI sources and outputs to 10 HDMI displays. All of the outputs on the switch are mirrored, which means; the same signal would be shown on all of the 10 monitors connected, and each supports up to 1080p. Simply pressing one button on the remote you can select your desired HDMI source for display on ten HDMI TV&39;s simultaneously.

Key Features:

- High Resolution up to 1080p.
- Splits 2 HDMI sources up to 10 outputs without signal loss.
- Separate Digital Audio Switching (via Toslink)
- HDCP Compliant
- Can be cascaded for more outputs
- Each of the buffered outputs can run up to 60ft @ 1080p
- Built-in EDID simulator and HDCP keyset allows each output to work independently when connected to a HDMI display.
- Supports a wide range of PC and HDTV resolutions from VGA to UXGA and 480p to 1080p. Maximum resolution bandwidth is 165MHz.
- Provides multi-channel I2S digital audio output, with sampling rate up to 192KHz.
- Support both compressed and uncompressed multi-channel audio.
- Remote control
- RS232 Port (for integration with home automation, security, and control systems)

Technical Specifications:

- Bandwidth: 1.65Gbps
- Resolutions: up to 1080p
- Inputs: 2 x HDMI, 2 x Optical
- Outputs: 10 x HDMI, 2 x Optical
- RS232 port: 9-pin
- Outputs Type: Mirrored
- Power Supply: 5V (universal 110/220v)
- Dimensions: 17.17(W) x 4.5(D) x 1.73(H) - (inch)
- Weight: 6LB

Package Includes:

- One AT-HDMI-210
- One Power Supply
- One IR Remote Control
- One User manual

Warranty:

3 year manufacture warranty (parts&labor)
