

# SECO-LARM E-931CS22RFCQ Wireless Entry Alert System/433MHz/22ft

Wireless Entry Alert System, 433MHz, Wireless Speaker and Sensor

## Features

- For monitoring a driveway or use as an entrance indicator
- No wiring required between the sensor and speaker; when tripped, the sensor wirelessly transmits to any programmed speaker
- Weatherproof IR photoelectric beam sensor for outdoor use
- Speaker makes "ding-dong" or siren sound if beam is interrupted
- Speaker volume can be adjusted or turned off
- When in siren mode, sounding time is adjustable from 3~30 seconds
- Connect additional speakers to the sensor wirelessly (one speaker included)
