

SECO-LARM EV-C1303-NMGQ 42-IR LED 1000 TVL Bullet Camera with 2.8-12mm Lens

SECO-LARM's IR Day/Night Color Varifocal CCTV Camera has 42 Hi-Intensity LEDs with DSS (Digital Slow Shutter @ 32x), and WDR (Wide Dynamic Range) all in one, as well as On Screen Display (OSD). The camera offers a resolution of 1000 TV lines. It also combines a rugged, weatherproof (IP 67) design with a sunscreen for either indoor or outdoor use.

DC Auto Iris Varifocal Lens: The focal length of the lens can be adjusted from 2.8mm to 12mm. This allows the camera to be set to cover a wide area or focus in on a specific target.

Concealed Cabling Through the Camera Mount: The power and video cables are concealed in the mount between the camera and the mounting base in order to protect the cables and provide for a more attractive installation.

Features

- 1000 TV Lines
- Megapixel CMOS
- Built-in service monitor port
- Weatherproof (IP67) for outdoor use
- DC Auto iris varifocal 2.8~12mm lens with ICR (IR Cut Filter)
