

SECO-LARM SD-962AR-36A Rim-Type Exit Device for 36 inch Exit Doors/Push-to-Exit Bar

The ENFORCER SD-962AR-36A Rim-Type Exit Device, when mounted on the inside of a door to block entry to a protected premises, securely locks the door from outside access while allowing users inside the protected premises to exit.

The stainless-steel enclosure protects the exit device from abuse, yet easily unlocks the door from the inside by users who require exit. It can be connected to an entry-type lever trim or to any physical locking device on the outside of the door in order to allow entry to authorized personnel.
