

SCP CAT6A-P-BL 1000ft CAT6A Augmented Plenum 10GBASE-T UTP Cable/Blue

SCP CAT6A-Augmented UTP cables meet 10GBaseT performance standards for: TIA/EIA 568-C.2 Category 6a; ISO/IEC 11801 Ed2 Class Ea; and EN 50173-1:2011.

Each CAT6A UTP cable is performance optimized with 4 balanced twisted pairs on 23 AWG insulated solid bare copper conductors with a center spline separating each pair. The SCP CAT6A cable is constructed to create a round and flexible cable for easy pulling and stripping of the jacket.

The SCP CAT6A cables are packaged on a 1000ft/305M spool/drum.

This cable is UL and PLENUM CMP Rated.

Features:

- Length: 1000ft
- Cat-6A Augmented cable
- Plenum rated
- Blue color jacket
