

WyreStorm NHD-000-RACK-3 7U/8 Slot Rack Mount for NetworkHD 600 Series (Includes Mounting Kits for NHD-000-CTL)

The NHD-000-RACK3 is a 7U rack mount that provides a clean installation for up to 8 NetworkHD™ 600 series encoders or decoders. Mounting brackets for all devices as well as the NHD-000-CTL NetworkHD controller are also included allowing for all required devices to be installed in a single location.

The slimline and thermally optimized design helps keep your centralized 600 Series NetworkHD solution perfectly organized.

Features:

- 7U height and shallow depth allows for high component density in an AV or IT equipment rack
- 8 slots suitable for mounting a combination of NHD-600-TX, NHD-600-RX, NHD-000-CTL devices
- NHD 600 Series encoders or decoders can be mounted with connections front or rear facing to suit alternative cable management designs
- The included, removable, rear cable management lacing bar helps route cabling at the correct point to optimize thermal efficiency
- The included, removable, front-facing handles greatly improves maneuverability and convenience
- Provides optimal thermal dissipation in a passively or actively cooled rack design to maintain premium device performance and MTBF
- Enables systems to be pre-built into the rack kit prior to arriving on site to improve speed and efficiency of installation
- Sturdy all-steel design creates a solid structure for supporting NetworkHD 600 Series components
- Includes 8x 600 Series mounting plates, 1x NHD-000-CTL mounting plate and 4x blanking plates
