

## **TVlogic Hood-056 Sun Hood for VFM-056W 5.6 inch Viewfinder Monitor**

For better viewing of your VFM-056W Viewfinder Monitor in strong sunlight, use this TVLogic Sun Hood to block glare and extraneous reflections from washing out the display. The hood is made from stiff, anti-reflective matte-black plastic and folds over the top and rear of the monitor for a secure fit. When removed from the monitor, the hood folds for easy storage.
