

# Covid CEL-DFO-500P HDMI Plenum Fiber Cable DFO - 500ft

CELERITY FIBER HDMI Cable, Distances - 500', External Power Required, Plenum Rated

Celerity Fiber Optic HDMI cables are an easy-to-use, secure connection for home video distribution, conference room presentation systems, classroom projection systems, digital signage and wherever a high definition video display is located. Fiber optics provides the speed and bandwidth needed for the best picture quality for high definition video at lengths up to 1000 feet; supporting the long distances required in commercial video solutions. No extenders, baluns or amplifiers are needed and Celerity fiber optic cables are EMI free allowing them to be installed with multiple cable pulls, providing the flexibility for remote component locations. Supporting 4K@60Hz performance up to 1000 feet. Celerity cables are plenum rated and do not require time consuming fiber terminations.

The Celerity Technologies Detachable Fiber Optic HDMI system is designed to solve the installers common problems with long distance HDMI and concealed installations in home and business.

## Features
