

ViewSonic VA1917A 18.5 inch 1366x768 resolution Wide LED monitor/200 nits/VGA input

The ViewSonic VA1917a is a widescreen monitor that delivers value and performance for both home offices and small businesses. Featuring a matte finish design, this 19" monitor can fit on any desktop. Great for viewing office documents or surfing the web, the VA1917a is also equipped with crisp 1366x768 resolution, a fast 5ms response time, and rich color performance. The monitor's built-in color management ensures the most accurate white level for image rendering, allowing users to match different color temperature settings to create more comfortable working conditions. In addition, energy-saving Eco-mode reduces cost of ownership, making the VA1917a the best choice for both government and education customers as well.

Features

- 16:9 widescreen LED monitor
- sRGB color correction
- Environmentally friendly
