Why Use This Covid Cable?

Flexibility: The Covid AOC HDMI 2.0 cable offers an extremely tight bend radius of 5mm. In addition this cable is thin, light weight and much more flexible than traditional copper cables.

Detachable Connectors: Unique to this cable are the detachable connector heads making it easy to pull through tight spaces or even conduit. Connectors simply snap back into place once cable is installed.

Resolution: The AOC HDMI 2.0 cable is the perfect choice for high resolution digital video applications. The cable supports resolutions up to 4K@60Hz up to 328ft.

Applications

HDMI Cables are typically utilized in the transmission of high definition content. These cables are capable of transmitting both audio and video signals and are used on equipment such as computers, DVD players, projectors or monitors.
