Why Use This Covid Cable?

Cost: The AOC HDMI Plastic cable is more cost effective than the glass fiber cable options.

Lightweight: These HDMI cables weigh less than copper cables, making them a great option for ease of installation and when shipping costs are a concern.

Flexibility: The Covid AOC HDMI Plastic cable offers an extremely tight bend radius and may be less prone to damage when compared to glass fiber.

Applications

HDMI Cables are typically utilized in the transmission of high definition content. These cables are capable of transmitting both audio and video signals and are used on equipment such as computers, DVD players, projectors or monitors.
