

# DVDO Xtend 4K UltraHD Long Range HDMI Extender (Transmitter/Receiver) Kit/up to 70m

DVDO Xtend takes your HD and 4K experience to extreme distances by enabling seamless extension of HDMI connections over Cat5e/6 cables. Utilize existing Ethernet cabling to DVDO Xtend HDMI throughout the house. With HDBaseT technology, DVDO Xtend can provide stable and reliable HDMI connections up to 70 meters.

## **Xtend 4K throughout the Home**

All the reliability of an HDMI cable using existing Ethernet Cat5e or Cat6.

## **Free From Interference**

Unlike whole-home wireless solutions, Xtend provides a reliable, frustration-free connection.

## **Easy to Install**

DVDO Xtend is plug-n-play, installs quickly and easily.

## **A Proven Technology**

Based on HDBaseT technology already in millions of installations, DVDO Xtend takes it to the next level with unsurpassed reliability, range, and features.

## **Features**

- Xtend HDMI up to 70 meters
- Deliver up to 4K with HD audio
- HDMI cable-quality reliability
- Passes remote control signals back to the source
