

SunBriteTV SB-SP557 All-Weather Detachable Soundbar Speaker for 47-65 inch Signature/Pro/Marquee Series TVs

NOTE: This sound bar is not compatible with Veranda Series models. Veranda Series outdoor televisions include built-in, all-weather, down-firing 20 WATT speakers.

The SB-SP557 is an any-weather, outdoor, detachable 20 WATT sound bar for the following SunBriteTV outdoor TV and outdoor display models:

- 55" Signature Series **SB-S-55-4K**
- 65" Signature Series **SB-S-65-4K**
- 47" Marquee Series **DS-4720L** (landscape mode only)
- 47" Pro Series **DS-4717TSL**
- 55" Pro Series **DS-5517TSL**
- 55" Signature Series **SB-5570HD** (included with the TV purchase)
- 65" Signature Series **SB-6570HD** (included with the TV purchase)

Features:

Guards Against the Elements

- Made for permanent outdoor installation, the elements have nothing on the durability of this soundbar. Outdoor safe, water resistant, and resilient — its exterior protects internal components from rain, snow, dust, insects, humidity, and salt air.

Engineered for Outdoor Listening

- This passive soundbar is designed specifically for your SunBriteTV Signature or Pro Series outdoor television, supporting up to 20W of power with down-firing drivers to deliver loud, clear sound to even the largest open-air settings.

Extreme Temperature Functionality

- A temperature dispersion system allows this soundbar to operate efficiently in extremely low- and high-temperature environments (-24°F up to 122°F). (Storage temperature ranges from -24°F to 140°F)

Multiple Mounting Options

- Thanks to its unique design, this soundbar can be mounted above or below the TV.
