

ViewSonic VG2249 22 inch (21.5 inch Viewable) Full HD Monitor with SuperClear MVA Panel

With future-proof connectivity and advanced ergonomics, the ViewSonic® VG2249 is a productivity-boosting monitor perfect for corporate, government, and education environments. Designed with both a DisplayPort input and output, this monitor delivers easy, single-cable daisy-chaining of multiple monitors for increased productivity. With SuperClear® MVA panel technology for wide-angle viewing, and a 20M:1 dynamic contrast ratio, incredibly sharp images and vivid color remain consistent across multiple daisy-chained screens. For maximum comfort and a customized fit, a robust fully ergonomic stand gives you tilt, pivot, swivel, and height-adjustable options. Additional connectivity options include VGA, HDMI, and Mini DisplayPort so that you can connect to a variety of high-definition and analog devices – today and tomorrow.

Features:

- SuperClear MVA Panel Technology
