

ViewSonic VA2465SMH 23.6 inch LED SuperClear VA Technology Monitor/1920x1080/250 nits/HDMI/VGA Inputs

The ViewSonic VA2465Smh is a 24" (23.6" viewable) widescreen monitor with an LED backlight and glossy, thin-bezel design ideal for both work and entertainment. With the latest ViewSonic SuperClear MVA panel technology and 3000:1 static contrast ratio, the VA2465Smh delivers stunning screen performance at nearly any viewing angle. Paired with versatile input options including future-proof HDMI and VGA, the monitor allows flexible connection to PC systems, laptops, and other entertainment devices. As a complete multimedia package, the monitor also includes a pair of integrated speakers for excellent audio performance. ViewSonic's exclusive ViewMode feature provides intuitive presets that deliver optimized screen performance in different applications. In addition, Flicker-Free technology and a Blue Light Filter help to eliminate eye strain from extended viewing periods. A VESA-mountable design offers additional mount flexibility. In addition, a 3-year limited warranty, along with one of the industry's best pixel performance policies, provides great value for the stylish, high-performance VA2465Smh monitor.
