

ViewSonic VP2468 24 inch (23.8 inch Viewable) SuperClear IPS Monitor/Hardware Calibration Capable/DisplayPort/Mini DisplayPort

The ViewSonic® VP2468 is a 24" (23.8" viewable) Full HD monitor that delivers unmatched color accuracy crucial for professional applications. With an edge-to-edge SuperClear® IPS panel and one of the world's thinnest bezels, the VP2468 provides a sleek and frameless viewing experience ideal for multi-monitor setups. For simple, single-cable daisy chaining of multiple monitors, the VP2468 is equipped with future-proof DisplayPort technology, in addition to HDMI ports. What's more, with advanced ergonomic tilt, swivel, pivot, and height adjust features, this monitor provides a comfortable viewing experience and vivid images no matter your vantage point.

Features:

- Seamless viewing experience
- Loaded with connectivity
- Ultimate color accuracy and screen uniformity
- Professional color processing capability
- Versatile color adjustability
