

ZeeVee Z4KSFP10G31-2K ZyPer4K SFPplus Fiber Cable Transceiver - 2km

SFP+ for ZyPer4K Fiber Networks

The ZeeVee ZyPer4K small form-factor pluggable (SFP) connector module are designed for use with the fiber optic connector on the ZyPer4K encoder and decoders, as well as the network switch. Each connector is matched to a specific fiber type and distance, but are hot swappable if you need to change the cable length or type of fiber needed.
