

ZeeVee ZV739-6 Hydra 6ft AV Cable DIN Connector for Satellite Receiver

The ZeeVee DTV Hydra 6 foot DT cable enables you to easily connect a DirecTV H25 satellite receiver to a ZvPro or HDbridge encoder/modulator. The cable features a mini-DIN connector for the receiver and a DIN output that connects to the ZeeVee unit. For use with ZvPro600, HDb25/2600 and HDb3000 component models.

Features:

- Supports the mini-DIN connector on popular satellite receiver sources
- Single DIN connection to the ZvPro or HDBridge modulator
