

ZeeVee ZVMXEPLUS IP Set Top Box (IP Decoder)

The ZvMXE+ is a high-performance set-top box that decodes both RF and IP HD content. It works seamlessly with the ZyPerMX4 by auto-detecting channels and auto-populating the on-screen-display.

The compact device, which supports three compression formats, including H.264, MPEG-2, and MPEG-4, enables instant viewing of channels once it is plugged into the display and connected to a network.

Features:

- ZvMXe auto-discovers the ZyPerMX as well as HDbridge and ZvPro iSeries streams, which are added automatically to the lineup.
- Additional channels/streams can be added manually.
- Support three main HD formats: H.264, MPEG- 2, MPEG-4, and others.
- Supports many kinds of IPTV programs.
- Infrared remote control with programmable buttons allows direct control of the television (unified remote control for controlling user experience).
- MXe includes a power supply
