Electro-Voice RCM810 IRIS-Net Remote Control Retrofit Module for CPS Mk II and CPS Multichannel Amplifiers

IRIS-Net Remote Control Retrofit Module for CPS Mk II and CPS Multichannel Amplifiers

Features:

- Enable powerful control and supervision capabilities
- Integrate up to 100 devices in each remote control network, 250 with multiple networks
- Support for 2-, 4-, and 8-channel CPS models
- Freely programmable control inputs and outputs
- Load-monitoring for each channel
- Variable Load Drive for independent channel impedance on 4- and 8-channel amps (2-10 Ω in 0.1 Ω steps)
